

PLEASE NOTE: For the remainder of the Summer we will be **OPE**
N on
THURSDAYS ONLY from NOON until 7:00 P.M.

Please do NOT leave messages on the phone recorder as we do not have the time or personnel to return these calls. Instead please email with any inquiries and we will get back with you as soon as we are able. FRAH@COMCAST.NET

PLEASE NOTE: We've just had the loss of a family member and Hilda is recovering from surgery... Dr. Ingram is recovering as well and slowly back seeing patients, however he has limited availability for scheduled appointments. Depending on the circumstances many old and new clients have chosen to send us their pet's DNA and we are able to diagnose & treat ailments & prescribe herbal treatments, do food allergy testing, etc. using Applied Kinesiology or Muscle Testing. This allows us the freedom to work after hours and take care of your pet's needs quicker. If you would like more information on how to proceed in this manner you can contact me (Barbara Ingram)... FRAH@comcast.net Thanks everyone for all the prayers and for standing by us! God is faithful and His grace is sufficient...we stand on His Word!

We also do LONG DISTANCE PHONE CONSULTATIONS using your pet's DNA. Phone for details on how this is done.

Please consider that minor pet care needs such as a nail trim, heart worm or feline aids test, a simple vaccine (other than Rabies), fecal exam, or drawing blood for lab & titer tests may be taken care of by the technicians, but we still advise phoning ahead for the best time so we can get you in with little waiting.
